RATES FOR TECHNICAL-NAUTICAL PORT SERVICE OF PILOTAGE

The rates to be applied shall be those offered by the service provider, which shall be at all times lower than the maximum amounts established in the following table:

GT of vessel	Euro
Up to 3,000	311
3,001 - 5,000	404
5,001 - 10,000	617
10,001 - 15,000	879
15,001 - 20,000	1,312
20,001 - 30,000	1,734
30,001 - 40,000	2,413
40,001 - 70,000	2,769
70,001 - 90,000	3,177
90,001 - 110,000	4,934
110,001 - 120,000	6,162
120,001 - 140,000	7,040
Higher than 140,000	7,940

The maximum rates indicated above include all items, except for the applicable VAT.

CONSIDERATIONS FOR THE APPLICATION

No surcharge will be added to the rates for pilotage services based on the time slot or schedule.

Manoeuvres for internal movement between two different quays and for changing the side for berthing at the same quay or jetty shall be invoiced as an inbound pilotage service.

Manoeuvres intended for anchoring in waters of area II of the port shall not be subject to the pilotage service where approved by the Directorate-General for Merchant Navy, in accordance with the provisions of article 9.4 of Royal Decree 393/1996 of 1 March, approving the General Regulations on Pilotage.

Where, due to safety reasons, the Maritime Authority provides that it is compulsory that the pilotage service for a vessel is rendered by two pilots, the resulting rate shall be increased by 25 %.

The rate to be applied to any vessel having its propulsion or steering system out of service shall be subject to a surcharge of 100 %.

For tugs not within the scope of technical-nautical port services, the GT of the tug vessel and the GT of the towed vessel shall be added together for the purposes of providing the service when compulsory, and the towed vessel or object shall be considered as a vessel having its propulsion or steering system out of service.

The rates for pilotage shall comprise the cost of pilotage personnel, the cost of the vessels and the cost of other resources used, as well as any other costs or expenses required for the provision of the service.

DISCOUNTS FOR LINER SHIPPING

The following discounts shall be applied to the maximum rates applicable to the vessels of the same regular line based on the number of calls:

From call 1 to 12	5 %
From call 13 to 26	15 %
From call 27 to 39	25 %
From call 40 to 52	35 %
From call 52 and upwards	40 %

Services corresponding to those manoeuvres for which the use of pilotage is not compulsory shall be also subject to the scheme of these rates, these services being established as voluntary pilotage.

The rate structure shall be the same as the one indicated above for compulsory services.

RATES FOR TECHNICAL-NAUTICAL PORT SERVICE OF TOWAGE OF VESSELS

The maximum rates for port towage operations in berthing and unberthing services shall be as established below: The maximum rates shall be calculated according to the following:

$$Y = K + C (GT)$$

Y = rate

K = fixed amount

C = variable amount

90,001 - 100,000	0.41440	8,984.00
Higher than 100,000	0.44220	9,990.00

Loading and unloading operations executed at the South Quay [Muelle Sur] may benefit from trade discounts of up to 30 % in this service.

Operations for escort, assistance and stay at port services as well as for special services shall be invoiced for each tug used, at the rate of €322.12/hour or part thereof.

The aforementioned maximum rates include all items, including the cost of lines which, where appropriate, may be supplied by the tugs, except for the applicable VAT.

The rate to be applied to any vessel having its propulsion system out of service shall be subject to a surcharge of 50 %.

CONSIDERATIONS FOR THE APPLICATION

The rates indicated in the tables above shall be billable per berthing or unberthing manoeuvre irrespective of the number of tugs requested and/or actually used.

Towage operations in berthing, unberthing, escort, assistance and stay at port services as well as in special services shall be considered as independent services and therefore they shall be billable as per unit basis.

Manoeuvres for changing berthing between different quays and/or jetties shall be increased by 50 % of the relevant rate on the price of the service, provided that tow lines have remained firm on the tug.

No surcharge shall be added to the rates for towage services based on the time slot or schedule.
